Reading Assignment: page _____ to page _____

Assignment:

Your assignment as the connector is to make connections from the reading to other experiences: to other texts, to yourself, or to any other things you have heard about or seen. Your task is to make statements that explain connections between what you are reading: and something you have read in the past; and some of your own personal experiences; and anything else in the world (for example: the news, movies, television programs, people, etc.). As you read consider what you are reading and try to make the connections. You can create your own connections or use the examples below. In the shared discussion or chat space: state the page/location of the sentence you are connecting; then copy and paste, rewrite or summarize the sentence; and then explain about the connection you are making.
